never has the world experienced greater movement of peoples from one country to another  
from one continent to another these seismic shifts in population have brought about huge  
challenges for all societies in this year s massey lectures canada s twenty sixth governor  
general and bestselling author adrienne clarkson argues that a sense of belonging is a  
necessary mediation between an individual and a society she masterfully chronicles the  
evolution of citizenship throughout the ages from the genesis of the idea of the citizen in  
ancient greece to the medieval structures of guilds and class from the revolutionary period  
which gave birth to the modern nation state to present day citizenship based on shared  
values consensus and pluralism clarkson places particular emphasis on the canadian model  
which promotes immigration parliamentary democracy and the rule of law and the first  
nations circle which embodies notions of expansion and equality she concludes by looking  
forward using the bhutanese example of gross national happiness to determine how we  
measure up today and how far we have to go to bring into being the citizen and the society of  
tomorrow

in this exciting and revealing personal inquiry former governor general adrienne clarkson  
explores the immigrant experience through the people who have helped transform canada  
the canadians she befriends whether an ismaili doctor a doukhobor farmer a holocaust  
survivor or a vietnam war deserter illustrate the changing idea of what it means to be  
canadian and the kind of country we have created over the decades like her many of the  
people who came did not have a real choice they often arrived friendless and with a sense of  
loss yet their struggles and successes have enriched canada immeasurably what drove them  
to become the kind of people they have become what would have happened to them if  
canada had not taken them in what have they added to our national life us as we go forward  
in the twenty first century written with humour insight and personal revelation room for all of  
us is a tale of many destinies like w g sebald s the emigrants clarkson s book offers a richly  
textured intimate and unforgettable portrait of a changing country and its people

as canada s first mixed race vice regal couple adrienne clarkson and john ralston saul are one  
of the country s most conventionally unconventional couples this bemused look at their  
partnership chronicles their years in the public eye with anecdotes that include clarkson s  
rags to riches career and intriguing analyses of saul s male adventure novels

adrienne clarkson grew up in ottawa after her family escaped japanese occupied hong kong in 1942 decades later she would become canada s 26th governor general clarkson reached out to canadians everywhere refashioning rideau hall into a real home and welcoming the public her determination to invest meaning in her official actions created controversy and in her memoir clarkson reflects on the behind the scenes political machinations heart matters is more than a public life remembered it chronicles an astonishing journey through triumph and turmoil remarkably insightful and inspiring it is an extraordinary work by an extraordinary canadian

written by judith skelton grant a meeting of minds is the definitive account of massey college s first fifty years its many traditions and the hundreds of fellows who have passed through its halls

a globe and mail hill times and cbc best book of the year have you ever wondered what it would be like to return to your roots drawing on astute political analysis and extensive reporting from around the world return why we go back to where we come from illuminates a personal quest kamal al solaylee author of the bestselling and award winning intolerable a memoir of extremes and brown what being brown in the world today means to everyone yearns to return to his homeland of yemen now wracked by war starvation and daily violence to reconnect with his family yemen as well as egypt another childhood home call to him even though he ran away from them in his youth and found peace and prosperity in canada in return al solaylee interviews dozens of people who have chosen to or long to return to their homelands from basques to irish to taiwanese he does make a return of sorts himself to the middle east visiting israel and the west bank as well as egypt a chronicle of love and loss of global reach and personal desires return is a book for anyone who has ever wondered what it would be like to return to their roots

this book is a survey history that traces the evolution of canadian citizenship and the role played by immigration in the development of canada until 1977 when the last major amendment to the citizenship act was made it begins with the story of the first great wave of european immigration in the early 1900s and continues by describing the arrival contributions of successive waves of immigrants the restrictive immigration acts of the first decade the settlement of immigrants in the west the slump in immigration after the first world war the growth in canadian nationalism the citizenship act of 1947 the post war rise in immigration the liberalization of immigration policy the admitting of waves of refugees since the 1950s and the trail blazing immigration initiatives of the 1970s

immigration remains a cornerstone of national policy although it has undergone significant transformations across economic family and refugee admission streams in the past two decades reshaping the mosaic offers an insightful exploration of canada s immigration policy ranging from its historical roots to contemporary developments the book examines the growth in permanent and temporary immigration to canada it explores changes in selection criteria and evaluates their impact on key policy objectives contributing to canadian economic prosperity facilitating family reunification providing refuge for those fleeing persecution and enabling the integration of immigrants and their descendants into canadian society the book sheds light on the legal political economic and social paradoxes inherent in canadian immigration policy highlighting shifts in exclusion powers deportation practices settlement support and citizenship rules as well as their implications for canadian ideals of multiculturalism fairness and integration it documents the lack of transparency and informed public engagement in policy formation and the implications this lack may have on maintaining public confidence and ensuring that immigration policies align with the national interests driven by a conviction that the contemporary changes in immigration policy need to be examined in a comprehensive and inclusive way reshaping the mosaic looks at recent shifts and their implications for society and offers invaluable insights for policymakers scholars and

stakeholders aiming to assist the development of a new immigration policy framework

by the authors of the popular class act from thought to finish expands on the active audience approach defined by their previous title with engaging new readings stimulating pedagogy and balanced grammar review this text encourages students to think of writing not just as composition but as communication the text also acknowledges that today's students have access to unprecedented amounts of information and that the key to knowledge and success depends on logical and critical thinking and the creative use and communication of information to this end the pedagogy surrounding the readings reinforces logical thinking and argumentation

lois hole was a beloved figure in alberta as a gardener she was a source of sought after advice on how to nurture plants as a school trustee and chancellor of the university of alberta she willingly took on tough challenges to improve education for all as lieutenant governor of alberta she spoke clearly in favour of libraries and education and fearlessly in favour of a view of community life that was not always popular with many of the province's leading politicians this book collects many of the speeches she gave as lieutenant governor she could be humorous curious caring or pointed as circumstances required these speeches represent more than a unique woman fully engaged in public life they show a person who strode confidently through life meeting it head on with compassion and conviction they are the record of what she wished for albertans and how she thought they could join together to make a better life for their children this record of a compelling public personality constitutes a legacy of hope

despite generations of talking trading intermarrying and fighting together as allies not to mention sharing a border canadians cherish ideas about the united states that may not be true ideas that often lead to a distorted perception of american society american myths challenges this conventional wisdom with 15 essays on topics including multiculturalism health care diplomacy the environment and america's role as the world's peacekeeper intelligent and thought provoking the book is required reading for anyone interested in future relations between the two nations

this revision of the standard work on the subject is designed for introductory courses in canadian politics it explores the characteristics and controversies associated with canada's political structure in addition to covering all of the basic elements brooks asks questions about the quality of canadian democracy

september 11 2001 marked the end of innocence for canada's ill conceived poorly run and highly partisan immigration and refugee programs in a tightly argued book sure to inspire controversy daniel stoffman debunks the myths surrounding canadian immigration and offers well founded suggestions for change a chinese fishing boat is intercepted off the british columbia coast the 123 people on board seeking to enter canada illegally are arrested then given taxpayers money and legal representation they apply for refugee status pending their hearings they disappear welcome to canada an algerian man is searched disembarking from a ferry from victoria b c to port angeles wash his rental car turns out to contain explosives he plans to use to blow up the los angeles airport the man turns out to be an al qaeda trained terrorist bearing a canadian passport in a false name the terrorism of september 11 2001 turned an intense spotlight on canada's lax immigration and refugee programs the longest undefended border in the world became for the united states a pressing security concern and for good reason canada is the most immigrant friendly country in the world accepting on a per capita basis twice as many immigrants as the next most welcoming nation many of them people about whom little is known canada's immigration program used to be run in the national interest now it belongs to those who benefit from it either politically most newcomers vote liberal so the liberals use immigration to increase support or economically a whole

industry has grown up around immigration refugee and multicultural issues who gets in shows how this came about explains why it s contrary to the national interest and suggests ways to fix the mess daniel stoffman points out that our immigration policy is based on two false premises that immigration provides substantial economic benefits and that we need a huge influx of younger people to offset the aging of our population both assumptions he persuasively refutes add political correctness diversity masquerading as multiculturalism and a voting public that has not yet made immigration an election issue and presto you have the most generous insecure and muddled immigration system in the world like most canadians stoffman heartily supports responsible immigration and a compassionate refugee program we have neither he argues and it s time for canadians to demand of their leaders that this most important program be rescued from political partisanship and returned to the foundations of national interest and humanitarianism on which it was built

september 11th resurrected an historic sovereignty debate one that burst into full flame when canadians led by prime minister jean chr tien made the unprecedented decision not to fight alongside their american allies in iraq this book explores the relationship between modern canadian nationalism cultural policy popular discourse and the lives of ordinary canadians dr robert wright argues that canadians understanding of art culture unity identity and sovereignty are formed by conflicting forces out of conditions of contradiction paradox and irony canadians have developed remarkably sophisticated cultural and political strategies for deriving pleasure prosperity and peace of mind living with contradiction has always been a fact of canadian life paradox of tolerance has been the critical framework that has made this living not only possible but the envy of the world

using gender race ethnicity and class lenses to frame their analysis the authors review canadian immigration multiculturalism and employment equity policies including their different historical origins to illustrate how a preference for selling diversity has emerged in the last decade
